

3.6 Immunisations

Policy Statement

We recognise, where possible, that children are vaccinated in accordance with their age. If children are not vaccinated, it is the responsibility of the parents to inform the nursery to ensure that children/staff/parents are not exposed to any unnecessary risks of any sort. The nursery manager must be aware of any children who are not vaccinated within the nursery in accordance with their age.

Information regarding immunisations should be recorded on children's registration documents and updated as and when necessary.

Staff Vaccinations Policy:

It is the responsibility of all staff to ensure they keep up to date with their vaccinations for:

- Tetanus
- Tuberculosis
- Rubella
- Hepatitis
- Polio

If a member of staff is unsure as to whether they are up to date, then we recommend that they visit their GP or practice nurse for their own good health.

Emergency Information:

Emergency information should be kept for every child and should be updated every six months with regular reminders to parents in newsletters, at parents' evenings and a reminder notice on the Parent Information Board.
